SHEILA'S GUIDE TO NORTH ETHIOPIA (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English. Brand new Book. "Why would anyone even think of going to North Ethiopia?" The first question asked by people when told you are planning a visit; before moving along to, "But there is a war between Ethiopia and Eritrea, famine, terrorists, and poverty. Why would you want to put yourself in that kind of danger?" Really good questions, and, unfortunately, most of this was true at one time or another. Don't these people also know that Ethiopia has excellent food, good hotels, friendly people and is now safe to visit? In-the-know travelers visit South Ethiopia for its unique tribes, and travel the Historical Circuit in North Ethiopia, to see the most unique churches in the world; hewn out of rock, connected by tunnels, resembling an underground Petra! This Ethiopian Orthodox Christian area has: symbolic graves for Abraham, Isaac and Jacob; the Star of David on church ceilings; paintings of Jesus Christ and Noah's Ark together; is the reputed resting place of The Ark of the Covenant; and then throw in King Solomon and the Queen of Sheba for good measure. You'll have trouble deciding where the Old Testament stopped and the New Testament began. The Ethiopian Church claims that Christianity came to Aksum during the time of the apostles, predates the Vatican; and. There is also wildlife. The most famous being the Gelada Baboon, called the "Bleeding Heart Baboon" because they have a large, red patch on their chests and lion-like manes! Let Travels With Sheila teach you how to Travel the World on a Budget, share exotic locations with you known only to locals, and most importantly, ease your fears about languages, currencies, personal safety and staying healthy. Follow her advice to avoid making mistakes she learned...
